WAISTBAND

by **HACO**

Haco presents its first exclusive collection of external labels, developed based on the study of leading technologies and constant investment in innovative processes. The complete product line, which adds value to parts from several segments, brings completely new and amazing effects.

Such as animal print textures, fake leather, iridescent metallic, velvety, fingerprints, precise cutouts, burn markings, jacquard yarn fusing, rubberized applications, varnish gloss and lacquered coverage. The main highlight consists of velvet zetex and German zetex techniques, which provide stone washed visual in color, washed and vintage.

Check out this material for an exclusive preview of the news from this release and get inspired to create your next collection!
