

# TOP5

PRINTED LABELS | FEB/18

All trademarks shown here, as well as their logos, are the property of their respective owners. We display these images for the sole purpose of illustrating the variety of products we offer.

# LABEL VANS

Our diversified printing techniques allow faithful reproduction of the art of each customer, as we can see on this label. The worn effects, obtained by the screen-printing process, have resulted in a product with great personality.

## TECHNICAL SPECIFICATIONS

Measures:  
65mm x 93mm

Quality:  
71 Special Polyester

Finishes:  
124 Serigraphy, Cut 5 – Cold Cut,  
End Folds

# LABEL LUC BOO

Haco's printed labels have an extensive base ribbon portfolio that caters to different segments. From stronger yarns and textured effects to softer touches to delicate pieces. The Soft Satin bottom is a perfect solution for baby and infant lines.

## TECHNICAL SPECIFICATIONS

**Measures:**  
25mm x 94mm

**Quality:**  
63 Satin Polyester Soft 1 side

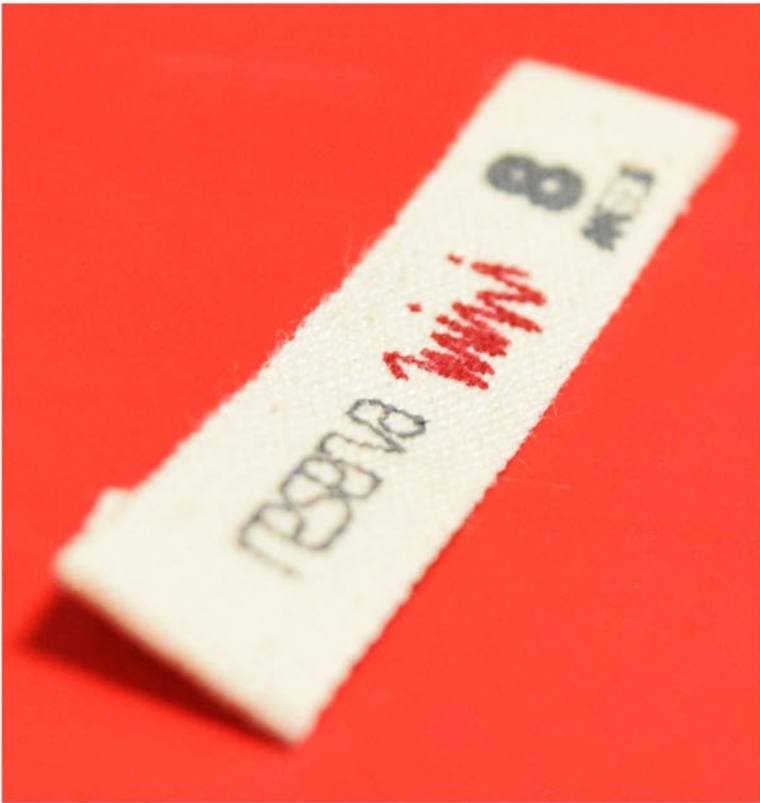

**Finishes:**  
16 Resin, Cut 4 – Hot Cut,  
Middle Fold

# LABEL RESERVA MINI

Following the same context of the segments that prioritize comfort, the print on cotton is a great alternative. Besides providing a beautiful effect and pleasant touch in contact with the skin, it also adds ecological value to the product.

Kenzo kids

## TECHNICAL SPECIFICATIONS

Measures:  
10mm x 70mm

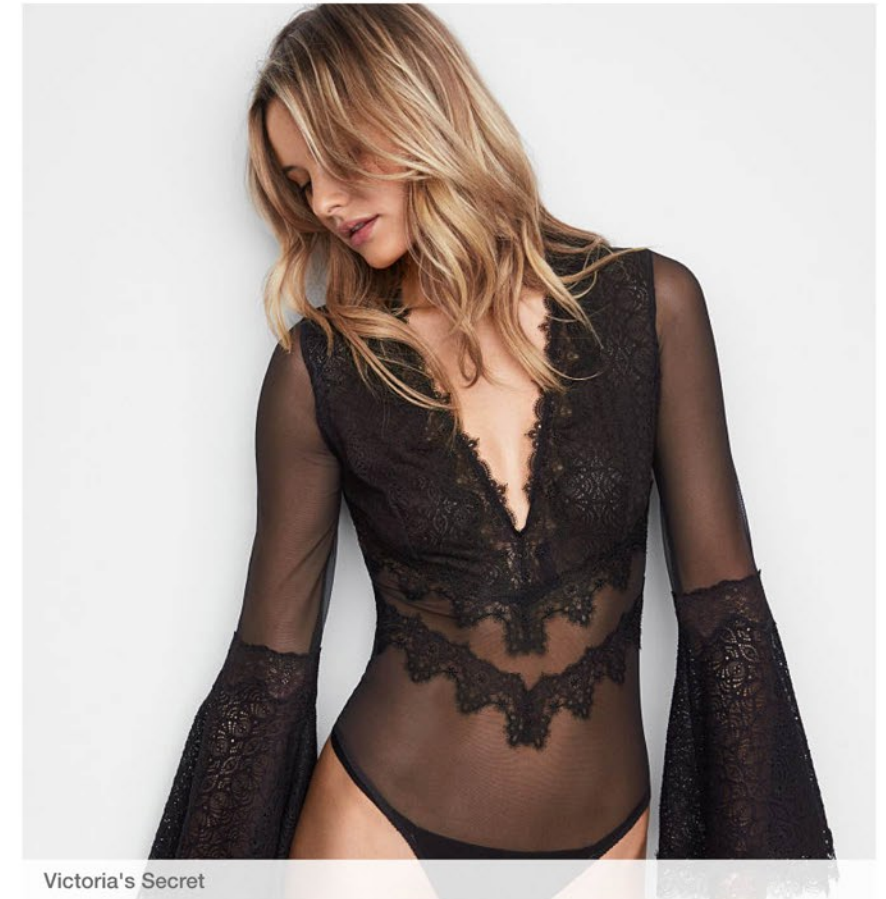

Quality:  
70 Special Cotton

Finishes:  
16 Resin, 124 Serigraphy,  
Cut 5 – Cold Cut, End Folds

# LABEL AK

The plated cover print is an interesting alternative and can generate a great cost benefit. In this plain base label, only one color was used in the print, taking advantage of the contrasting white background to complete the elements of the layout.

## TECHNICAL SPECIFICATIONS

**Measures:**  
20mm x 73mm

**Quality:**  
72 Resin Nylon

**Finishes:**  
Cut 2 – Hot Straight Cut

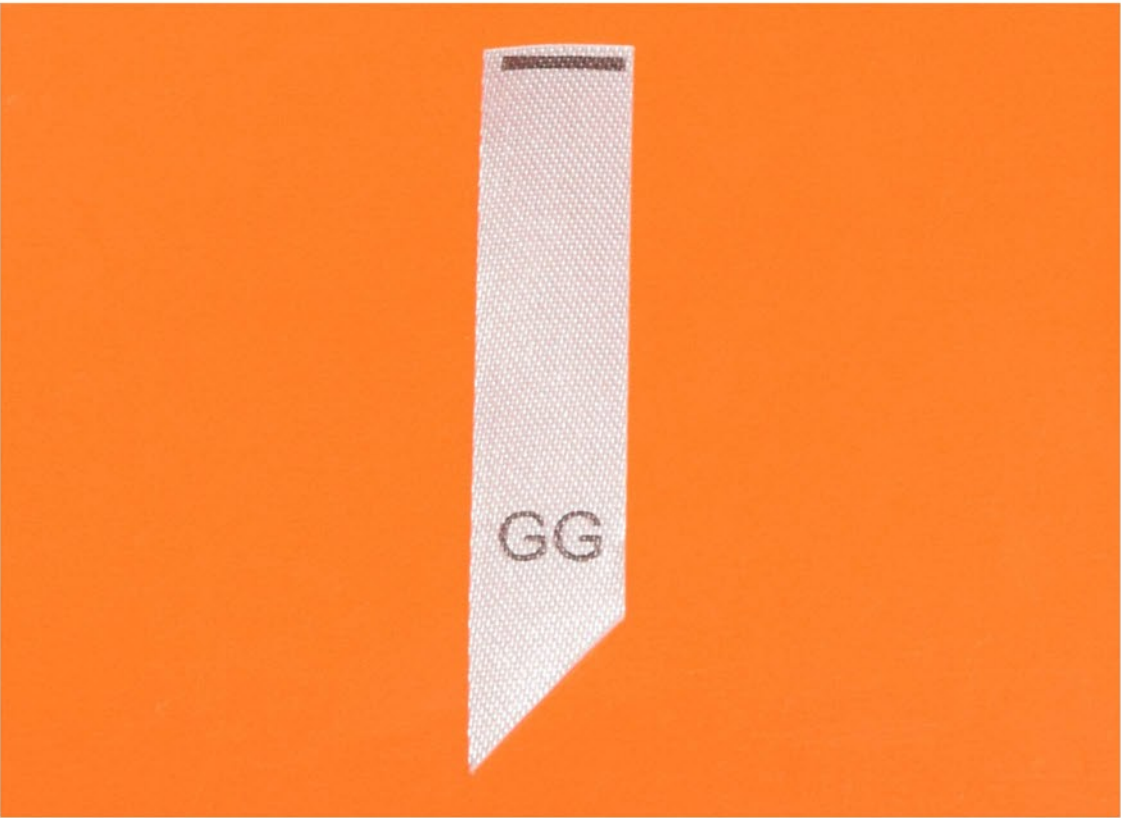

# LABEL DIAGONAL CUT

An innovation by Haco on the market, the diagonal cut (45 degrees) brings a new world of possibilities to the universe of identifications! From basic labels like this mannequin to decorative ones, they get a special finish that adds a differential end to the product.

## TECHNICAL SPECIFICATIONS

- Measures:  
10mm x 50mm
- Quality:  
63 Satin Polyester Soft 1 side
- Finishes:  
Cut 24 - Straight and Diagonal cut
