ADHESIVE HAVAIANAS

With zero-touch and super-elasticity features, Poliflex is a very versatile material and is therefore explored by customers from different segments. Its wide range of colors – frosted, metallic and neons – and the laser cutout allow varied designs and formats according to the need and creative line of each brand.

TECHNICAL SPECIFICATIONS

Measures:

7mm x 41mm

Quality:

549 Poli Flex

Finishes:

Laser, Heat Sealed Backing

Elle França

ADHESIVE NICOBOCO

Due to the rise of the sports segment in the fashion market, the demand for differentiated products is growing. Our adhesive solutions offer unique and innovative materials serving the most demanding customers in the industry.

ADHESIVE INDIVIDUAL

The decorative labels are literally details that make all the difference in the final product, because they add much value as identification and ornament of the pieces. Our line of solutions and exclusive finishes convey the concept of the brand in a creative and exceptional way.

TECHNICAL SPECIFICATIONS

Measures:
35mm x 35mm

Quality:
550 3D PU

Finishes:
223 Silk, Laser, Heat Sealed Backing

PLAQUE VRK

The decorative plaques are great options for light and delicate lines, such as children's, underwear and bath. With the option of being adhesive or sewn in the piece, they provide a lot of practicality in the application process of the customer.

TECHNICAL SPECIFICATIONS

Measures:
8mm x 35mm

Quality:
550 3D PU

Finishes:
226 Engraving, Laser

ADHESIVE RIP CURL

Another innovative material from our Adhesive Solutions unit, Reflex is ideal for the sportswear segment, because in addition to the reflective function, it has high elasticity that allows application in soft tissue pieces without causing deformities in the identification.

TECHNICAL SPECIFICATIONS

Measures:

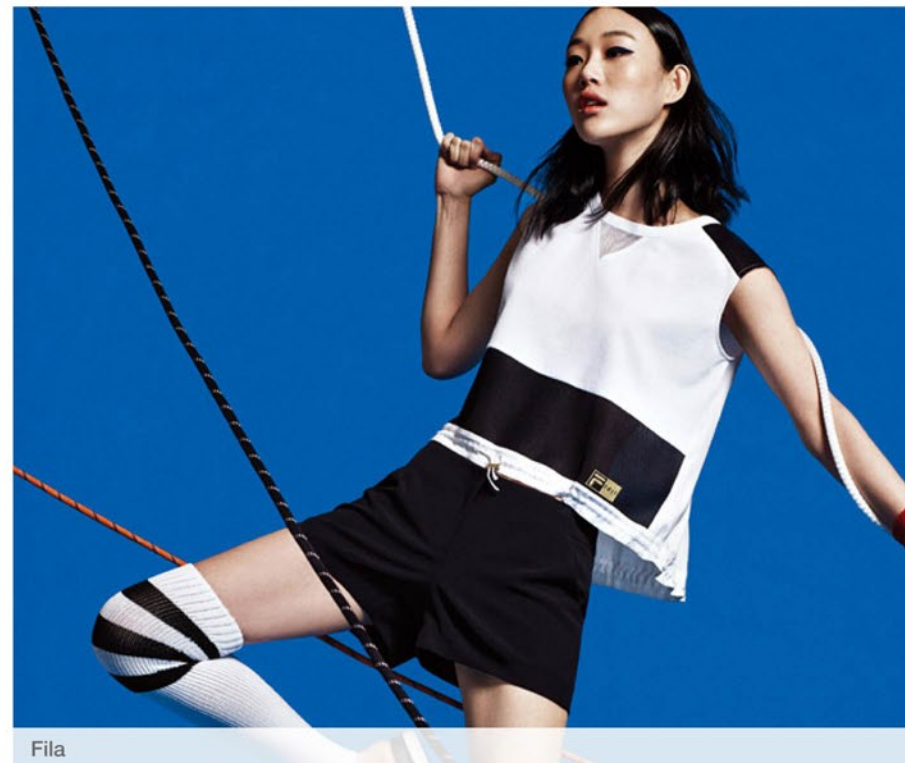

28mm x 28mm

Quality:

822 Reflex Silver

Finishes:

223 Silk, Knife cut, Heat Sealed Backing
